Central Indiana Substance Abuse Treatment Resource Guide

Public Health
Prevent. Promote. Protect.

Hendricks County Health Department

The Hendricks County Health Partnership and the Hendricks County Health Department are pleased to present the Central Indiana Substance Abuse Resource Guide. Some notes about the following guide:

- If a program serves adults, this means men and women 18 years or older.
- If a program serves adolescents, this typically means ages 12-18.
- Information in this guide is subject to change. Please call the agencies to confirm information.

The Hendricks County Health Partnership neither sponsors nor endorses any agencies in this guide.

Please contact hendrickshealthpartnership@gmail.com to report any errors or changes. Also contact us if you are working in the substance abuse treatment field in Central Indiana and are not included in this list and would like to be added.
